

Werner-Edwin Tuzar

Full Stack Developer
Born 1988 in Bucharest, Romania

About me

Having more than 5 years of professional experience in full-stack development and passionate about new technologies and ways to improve productivity through agile software methods # Strong communication and teamwork skills, working with cross functional teams and in teams up to 10 people # Interested in agile frameworks, voice technology, machine learning, security and always learning something new (like Alexa Skills, Arduino, Google Dialogflow, ReactJs)

Skills

Securing Microservices (Keycloak, Basic Auth, OAuth2.0)

Continuous Delivery & Virtualization (Docker, Vagrant, VM, Mvn, Jenkins)

Collaboration (Slack, Confluence, Jira, GitFlow)

Backend (Java | PHP | Frameworks (Dropwizard, JSP/JSF Servlet, Spring, Doctrine2, Symfony)

Testing (Selenium, SonarQube, JUnit, Jasmine, Karma)

Frontend (HTML | CSS | Javascript + Frameworks -> NodeJs, ExtJs, JQuery, React, Angular)

Software Architecture, Patterns & Anti-patterns

Other Technologies (Alexa SDK, Dialog Flow, Google Actions)
